

**NOTICE OF MULTIPLE LISTING ENTRIES
TO BE PLACED ON THE BIG SKY COUNTRY MLS**

The listing agent is requesting that the following property be listed in two or more MLS categories (ex. Residential AND Farm & Ranch). The agent will be responsible for closing one listing when the property sells. The Broker in Charge (BIC) is responsible for removing (cancelling) the other listing(s). The agent will need to reference the other listings in each listing input. Only submit this form after all listings have been entered into the MLS.

By checking this box, I, as the listing agent, understand that if the property sells I can only record one of the listing entries as sold. I understand that all other listing(s) must be cancelled by my Broker in Charge.
